If played at the suggested metronome marks, *FirstPeace* will last exactly 1 minute.  
However, if more flexibility is wanted, this is up to the performer, depending on the occasion.

The letters P E A C E above the staff show where the word has been used as a Morse Code signal in notes.  
They are not directions for playing, which are below the staff.

***FirstPeace* is available to be played for free in the pursuit and support of peace by peaceful means.**
